

Bird Count Walkthrough

April 14, 2023

Helen reports...

After all this stormy weather today seemed a good chance for a walk in the farm!

Sunny and warmish but with a strong SE wind which seemed to affect the numbers of birds seen and heard. So 64 counted with 14 species.

All quite wet underfoot and the streams up a bit.

The stream near the hub (to cross to the Dell) was backed up with a large dam of 'parsnip' weed. Good to have a walking pole on hand.

Today's winners were tui and [silveryeyes](#). Surprisingly I saw no pukeko, which is very unusual.

I walked up the Ramaroa track and Wetlands - the bush is growing at a great rate. Hard to believe how bare and muddy those banks used to be.

Until next time,

Helen

The Search for the Whareroa Weka

Some months ago, there had been some reports of potential possible weka sightings in Whareroa Farm, but no definitive confirmatory proof.

If you see one, do let us know (whareroa.guardians@gmail.com) with as many details as possible (time, place, behaviour) and most ideally with photos and videos.

Background info from the wonderful nzbirdsonline.org.nz here [Weka | New Zealand Birds Online \(nzbirdsonline.org.nz\)](http://nzbirdsonline.org.nz)

.....

Data Table – some analysis

A bit of data crunching from the attached table (45 walkthrough visits up to and including 14.4.23)

Usually between 12 and 20 species have been sighted during most walk-throughs. September 12, 2020, was a big day with 23 species, on May 28, 2020, May 23, 2022 & July 14, 2022 only 12 were recorded.

Helen records on average, a total number of around 80 birds per walkthrough (the range is 37 to 130).

- On February 27, 2023: 14 species & 64 birds recorded (seen or heard).
- 3 species have been recorded during every walk-through: Blackbird, Tui & Fantail (Grey Warblers have not been seen once during separate visits, otherwise they would be in this exclusive group too)
- 12 species were sighted/heard during at least 62% (28 or more) of visits: Bellbird, Blackbird, Chaffinch, Eastern Rosella, Fantail, Grey Warbler, Magpie, Paradise Shelduck, Pukeko, Silvereye, Thrush & Tui
- Most recorded / Top 5 in alphabetical order: Blackbird (354), Chaffinch (322), Fantail (288), Silvereyes (336), Tui (359)
- Least sighted in this series of reports (in alphabetical order, how often sighted, total number): Dunnock (4, 5), Falcon (2, 3), Mallard (4, 7), Redpoll (3, 7), Rock Pigeon (0, 0), Shining Cuckoo (6, 15), White Faced Heron (2, 3)
