

Bird Count Walkthrough

July 18, 2023

Helen reports...

Gorgeous sunny day here in Kapiti so there was only one thing to do - a Whareroa meandering!

Things to mention were: seeing 2 [kereru](#), hearing 6 [bellbirds](#)!, seeing a [grey warbler](#) and hearing 6 others, hearing one [chaffinch](#) (very early), and admiring the very excellent kahikiteas in the Dell. They are doing so very well.

There was also a large flock of [starlings](#) sitting in the trees on the track up towards the Cairn.

I enjoyed spending time watching the resident bellbird in the old kanuka above the Dell - always great to get such a close view and listen to the song.

I must also mention the many [fantails](#) too who constantly stay around and are such good entertainment - and company!

I took a 'not very good' photo of the fantail in the kohekohe forest on the way out - if you look very carefully you might see it!

Until next time,
Helen

The Search for the Whareroa Weka

Some months ago, there had been some reports of potential possible weka sightings in Whareroa Farm, but no definitive confirmatory proof.

If you see one, do let us know (whareroa.guardians@gmail.com) with as many details as possible (time, place, behaviour) and most ideally with photos and videos.
